

# CITRUS CLEAN

## PRODUCT INFORMATION SHEET

### DESCRIPTION:

**CITRUS CLEAN** is a concentrated citrus based degreaser for removing heavy grease and oil deposits from surfaces including concrete floors, car engines and machinery. E.g. Citrus Clean is used for the removal of forklift tyre marks from concrete floors.

**CITRUS CLEAN** quickly penetrates heavy grease and oil deposits emulsifying them to allow easy removal using a water rinse.

**CITRUS CLEAN** may also be used as an immersion cleaner for soak cleaning of machinery components, and is effective when used in small parts washers.

### FEATURES AND BENEFITS:

- Powerful cleaning action.
- Ideal for heavy degreasing operations.
- Emulsifies grease & oil quickly.
- Can be diluted with water for greater economy.
- May be used by spray swab or immersion techniques.

### TECHNICAL INFORMATION:

<b>Appearance</b>	Colourless to pale yellow.
<b>Odour</b>	Citrus.
<b>pH</b>	7.5-8.5
<b>Specific Gravity</b>	0.810 @ 20°C
<b>Percentage Volatiles</b>	>90%
<b>Solubility in Water</b>	Emulsifies.

### USE:

Generally used as received for most heavy application apply by brush or cloth allow a short contact time, then hose off with water.

For lighter duty cleaning Citrus Clean may be premixed 1:1 with water.

If used in a spray application, ensure that adequate ventilation is provided to avoid a buildup of vapours.

### SAFETY: Hazardous according to criteria of Worksafe Australia

**First Aid:** If poisoning occurs, contact a doctor or Poisons Information Centre. Ph: 13 11 26

**Eyes:** Flush eyes with water.
