

# GYMCLEAN Sports Floor Maintainer

## PRODUCT INFORMATION SHEET

### DESCRIPTION:

**GYMCLEAN** is specifically formulated for the maintenance of timber floors that have been sealed with Peerless Pro Hydrothane or other sealed sports floor surfaces. **GYMCLEAN** is also suitable for wet cleaning of other flooring surfaces such as vinyl, slate, ceramic tile, terrazzo and concrete.

**GYMCLEAN's** unique emulsification action quickly wets out greasy soils providing a clean floor with minimum cleaning effort. **GYMCLEAN** does NOT contain any chemicals or solvents that will damage or have a detrimental effect on sealed timber or any surface not affected by water.

### FEATURES AND BENEFITS:

- For maintenance of timber floors sealed with Peerless Pro Hydrothane or other sports floor surfaces.
- Suitable also, for wet cleaning of flooring surfaces e.g. Vinyl, slate, ceramic tile, terrazzo and concrete.
- No harsh chemicals or solvents to damage sealed timber or surfaces not affected by water.

### TECHNICAL INFORMATION:

<b>Appearance</b>	Clear yellow liquid
<b>Odor</b>	Lemon
<b>pH</b>	8.5-9.5
<b>Specific Gravity</b>	1.029 ± 0.005
<b>Percentage Volatiles</b>	92.5 - 93.0%
<b>Solubility in Water</b>	Infinite

### USE:

For Manual Cleaning Methods – (Mop & Bucket):

Dilute 1 part **GYMCLEAN** to 40 parts water. Or if heavy soiling is to be removed the dilution can be increased to 1 part **GYMCLEAN** to 20 parts water.

For use through an Auto Scrubber:

Dilute 1 part **GYMCLEAN** to 60 parts water in the auto scrubbers' solution tank.

Lesser dilutions can be used for lighter soiling.

**NOTE:** If necessary add Defoamer to recovery tank to depress foam and prevent premature cut off of vacuum protection devices.

### SAFETY:

#### First Aid

**Eyes:** If splashed in eyes, flush with water for 15min. Seek medical advice

**Skin:** Wash affected area with soap and water.

**Inhalation:** If mists are inhaled, remove patient to fresh air. Seek medical advice.

**Swallowed:** Do not induce vomiting. Give milk or water to dilute. Seek medical advice.
