It is with pleasure that I provide this testimonial for Alphaclean, and in particular, our designated account manager, Mr. Dave Parker.

Springmount Services are a nationwide cleaning service, with over 700 employees in a large number of office towers and shopping centres, as well as schools, leisure precincts, medical and nursing facilities. We hold contracts along the East coast; from Cairns to Melbourne.

We have purchased a wide range of cleaning equipment from Alphaclean, including several Columbus scrubbers that we use at various sites and applications throughout Australia.

Alphaclean successfully delivered machinery ***simultaneously*** to seven locations from Cairns to Sydney when we commenced a number of high profile contracts in March of this year. When we had an issue in Far North Queensland; due to operator error I must add, Alphaclean assisted us greatly by providing immediate help. I was additionally delighted to discover Dave on site in Cairns when I performed a recent site visit. Dave was simply checking on the machinery and ensuring that it met our needs.

The company has since provided other machinery to us, including a Brisbane site that commenced last Sunday. Dave personally delivered the machinery and provided support and training, which I find outstanding for late on a Sunday night.

I have only one word for the service provided by Alphaclean..... ***faultless.***

I would be happy to personally answer any questions about Alphaclean's performance and can be contacted at nadair@springmountservices.com.au

Yours Sincerely,

Nicola Adair
General Manager - Retail
